

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Model T Customer Feedback – Absolute Audio Calgary Alberta

April 2013

What a treat!.....i was truly surprised!.....this speaker amazed me for its ability to deliver such a clean/fast sound with articulate bass and a very even midrange. I am still shocked at the price/performance ratio.

I think it would be a challenge to find a speaker for the price of 6-7K that would actually surpass the Bryston Model T in all areas. I am so happy i had the chance to hear it today at Absolute Audio in Calgary.

This is a speaker that would sound great with a good 70WPC amp or a 600WPC amp of any HQ brands out there. Actually i would love to know how many buy it with/without Bryston amps.....even though in the photo it shows Ayre gear.....I actually heard it hooked up to the 4BSST2 and BP26 and BP2/BDA2 and it sounded outstanding! The build is very solid and certainly made with Canadian Pride! Hmmmmm... maybe I need a 3rd system in an excuse to get these speakers.

Michael
