BDP-1USB Digital Player

Hello,

This is my first post here though I've been reading for a while.

BRYSTON BDP-1USB Player

Just wanted to share my experience with the Bryston BDP-1USB Digital Player i received a few days ago with my BDA 2 DAC ... **this combo sounds great.**

There's no comparison to my (edit) I used exclusively as music server; BDP-1USB Digital Player just sounds superior in all aspects.

A big thank-you to James for coming through with sending the unit to South Korea. Thank you Bryston for great products and great service. Keep up the good work, guys!

Best
Zachhahn
