MEMO: To All Bryston Customers

SUBJECT: Bryston – David Koller

June 2015

Hello James,

I can report to you that famous Czech rock star David Koller is now a proud owner of Bryston power amplifier.

David Koller was a drummer, singer and songwriter of the popular Czech underground rock group Jasna paka. The band was eventually banned by the communist authorities. Shortly before the Velvet Revolution, David Koller founded Lucie, the band which went on to become one of the most popular and successful rock groups of the post-communist era.

The group sold hundreds of thousands records and was a multiple winner of Czech Grammys, including group of the year, album of the year, song of the year and others. The group reunited for a tour

this year.

Mr. Koller recently recorded a new album CeskosLOVEnsko, in the cooperation with famous British producers Kipper Eldridge (Sting) and Steve Lyon (The Cure, Depeche Mode). He just started a tour with his own band, in support of the album.

Best regards,
Vaclav
