

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers

SUBJECT: Bryston Demo – June 8th 2015

El Hefe's HiFi Reviews

“Had a demo on the Bryston A2 Speaker and BHA-1 as a pre amp... superb!”

AV Design in Kuala Lumpur have just received quite a few new items from Bryston. Some will be show cased in the upcoming KLIAV show in JW Marriot in July.

I managed to experience some of these items recently in their show room in Bangunan Rohas Perkasa in 2 channel stereo, 5.1 HFPA audio and 7.1.2 Dolby ATMOS movie.

1. Bryston Model TC-1 Centre Speaker
2. Bryston Model A2 Speakers in front
3. Bryston BHA-1 newly updated headphone amp
(now comes with a balanced pre out)

On 5.1 HFPA, the A2 and TC-1 performed superbly. Very well distribution of various sounds from the sample track. Trumpet was melodic through the centre speaker and the whole experience was very uplifting. Punchy and extended bass with quite refined mids and highs.

On Dolby ATMOS 7.1.2 duty, the Bryston just keep on smiling delivering a very convincing performance to cater for home theatre duties as well. Excellent demo room.
