SUBJECT: Bryston BDP π (Pi) – Customer Feedback

September 2016

Hi James:

I wanted to let you know that I've purchased a BDP-PI (Serial # 00048) from the AudioShop in Kanata. This unit is to replace my Squeezebox 3 system.

First impressions: Sound is amazing.

I've hooked this up using the coaxial digital output to my Anthem MRX receiver/Bryston 4BST mains. The one word that comes up to describe the change is "clarity".?

My thanks!

Peter Meyer
