MEMO: To All Bryston Customers

SUBJECT: Hi-Fi Sales in NJ - Bryston Demo System!

Hear this folks!

Audio doesn't get much better.

If you're anywhere close to Hi-Fi Sales in New Jersey (Philly area), drop in for a listen. Their new Bryston BP-26 preamplifier and 28B³ Cubed Series amps are driving our Bowers & Wilkins speakers crazy.

We've been busy with the High End Room again. New toys include the flagship Bryston BP-26 Preamp with the outboard MPS-2 Power Supply.

To go with Bryston's best Preamp, we've just installed Bryston's mighty 28B3 1000 Watt Monoblock amplifiers.

These are the big daddies, and the Bowers & Wilkins 802D3's that are connected to them have never sounded better, anywhere, in any rig, at any price.

The system sounds better than ever!
