SUBJECT: Bryston 3B Cubed Customer Feedback

Feb. 2017

Hi Bryston,

I just wanted to tell you how much I'm enjoying my new 3B Cubed (number 000005 so I guess it may have one of the first shipped to the UK?).

It replaces a 3B ST, which I bought second-hand ten years ago and which gave great service. But the 3B Cubed is simply light years ahead in performance - and it looks as good as it sounds.

Highly recommended!

And here's a great review in Dutch hi-fi mag Alpha-Audio that you haven't got listed in your review section:
